ORDER

The following faculty members are nominated as members of the IQAC Committee for the academic year 2021-22.

Sl. No.	Composition	Name and Designation of the member
1.	IQAC Chairman	Dr. P. R. Sreemahadevan Pillai, Principal
2.	Vice Principal	Dr. Krishna Kumar Kishor,
3.	IQAC Coordinator	Dr. G. Murugananth, Prof. & Head, EEE Dept.
4.	Dean -Academics	Prof. D. Prakash, Prof. & Head, ME Dept.
5.	Dean -Research & Development	Dr. R. Sivakumar, Professor, CSE Dept.
6.	Members	Ms. Kripa K M, Head, CE Dept.
		Dr. S. Gunasekaran, Prof. & Head, CSE Dept.
		Dr. V. Balamuruagan, Prof. & Head, ECE Dept.
		Dr. Binoy Balan K, Prof. & Head, S & H Dept.
		Dr. Mahima Ganeshan, Assistant Professor, CE Dept.
		Mr. Roshan Sanu Y., Assistant Professor, CSE Dept.
		Ms. Swetha C. Assistant Professor, ECE Dept.
		Mr. Manickavasagam A., Assistant Professor, EEE Dept.
		Mr. Dheeraj P., Assistant Professor, ME Dept.
		Ms. Sangeetha P. S., Assistant Professor, S & H Dept.
7.	Training & Placement Officer	Mr. Abhijith Valsalan, Assistant Professor, ECE Dept.
8.	Librarian	Mr. Lal S.
9.	Administrative Officer	Mr. Sreenivasan T. R.

MINUTES OF GOVERNING COUNCIL MEETING – 02 JUNE 2021 (8:30 - 9:45 p.m.)

Members Present

1. Dr. V. S. Gopal – Chairman, Ahalia Group (Chairman)
2. Padmabhushan M. C. Dathan, Mentor-Science, Government of Kerala
3. Dr. J. Mathews, Former Professor, IIT Madras
4. Shri. Asokan, Chief Patron, Vidya Group Institutions
5. Dr. Sasi K Kottayil, Adjunct Professor, Department of Energy, Tezpur University
6. Dr. P. R. Sreemahadevan Pillai, Principal, ASET & Director, Academics, Ahalia Group (Member Secretary)
7. Dr. KrishnaKumar Kishor, Vice Principal, ASET & Asst. Director, Academics, Ahalia Group
8. Mr. Sarath Soman – Operations Manager, Ahalia Group

Chairman presided over the meeting.

Principal, Ahalia School of Engineering and Technology (ASET) offered the welcome address and introduced the members.

Chairman offered the presidential address in which he said that Ahalia Health, Heritage and Knowledge Village is an amalgamation of Knowledge, Health and Heritage.

Agenda Item	Particular
NAAC Accreditation	• Principal, ASET said this governing council is set up as per AICTE mandate and a few more members will be added to the council to oblige the APJAKTU mandate. o He said the college is in the process of preparing for NAAC Accreditation. As per the National Education Policy 2020, NAAC accreditation is mandatory to achieve autonomous institution status. o Chairman asked if ASET is qualified for NAAC accreditation. Principal said ASET is qualified for NAAC but not for NBA o Self-Study Report will be submitted to NAAC by end of July or early August. NAAC expert committee visit will happen within three months from the date of SSR submission

	○ Dr. Sasi advised to aim for NAAC A grade instead of aiming for B or B+ as the higher grades have more weightage. Principal said he has motivated the staff to target for A grade. As he himself is a NAAC and NBA assessor he knows that ASET has to bring in more facilities in place to achieve A grade. ○ Dr. Sasi also suggested doing documentation for NAAC and NBA simultaneously especially for criterion 2. Principal said documentation is getting done parallel. In addition to NAAC documents, NBA requires some more specific documents, which will be prepared after NAAC documentation is completed. In ASET, only Computer Science & Engineering and Civil Engineering departments are expected to be eligible for NBA accreditation in 2021-22 ○ Dr. Joy Mathews asked if any draft of SSR was prepared yet. He also suggested inviting a few academicians from other colleges to do a mock assessment to see where exactly ASET stands in terms of grading. This way the college can go for actual accreditation with more confidence. He also pointed out that in NAAC grading. 350 points out of 1000 is earmarked for research and innovation activities. He is doubtful if ASET can score in that criterion. Principal said for affiliated colleges the Research and innovations score required is 100 whereas for universities it is 350. The teaching -learning criterion is given more weightage for affiliated colleges with the score of 350. He said the advice and support of all the governing council members will be sought, once the draft of SSR is ready. ○ Shri. Asokan said ASET should go for NBA accreditation as early as possible as it's an internationally acclaimed one and will benefit the students and Institution greatly. He extended all help in imparting know-how in document preparation for NBA.
Academic Activities	Dr. Joy Mathews asked about the activities like student associations, internships, placement and training, alumni status etc. functioning in ASET? Principal said following are the activities; • In terms of results on an average, ASET stands first among the self-financing engineering colleges in Palakkad • In all Kerala rank for results, ASET falls between 23 - 30 position in the State among private colleges

	• One University runner-up and one zonal runner-up in sports activities, last year • Active Alumni association is functioning, which involves in the activities of the college • Around 400 alumni are connected to college directly via WhatsApp groups • Parent-Teachers association is also quite strong and cooperative • An exclusive Placement officer takes care of the placement activities. Last year approximately 60% of the passed students were placed. Ahalia Group has also recruited many students. Some of the students have gone for higher education. Only around 10 - 20 students will be remaining unemployed because they had some personal constraints • Institution's Innovation Council and Govt. funded IEDC are also active in the college. • ASET conducts AICTE and ISTE funded Faculty Development Programs. APJAKTU had funded four FDPs last year. The faculty of IIT Palakkad and IIT Chennai were among the resource people for these FDPs • Training programs for students were organised in association with Mahatma Gandhi National Council of Rural Education (MGNCRE) and Additional Skill Acquisition Programme (ASAP) of the Government of Kerala. ASAP donated the college a full-fledged conference hall with video interactive facility, costing around Rs 30 lakhs • ASET had tied up with Palakkad District Administration to spread awareness on voting rights • Teachers of ASET have planned for 60 programs both cultural and technical in the month of June and July. These programs are open for public participation also • Three-week Yoga training program is going on now, Asst. Professor, Physical Education is offering that training • The only dilemma the institution has is regarding the effectiveness of online classes. The poll among final year students said it’s only 40% effective. It’s the same scenario in other colleges too • UGC has proclaimed that 40% credits can be availed through online courses, so students have to learn for only 60% credits from the college in future • Principal said ASET is above average in sports, good in academic performance and best in social interaction

	Dr. Joy Mathews enquired about the percentage of faculty with doctorate in ASET. Principal said around 15% have PhD and it is planned to increase in the long run Dr. Joy Mathews asked about the faculty turn-over rate. Principal replied that usually it is around 10% but this year due to COVID, 8 faculty quit to relocate to their hometown. In other self-financing engineering colleges in Kerala, the turn-over rate is much higher.
International Journal	Principal said Ahalia International Journal of Advanced Science and Technology, a peer reviewed journal, is launched. He invited suggestions for improvement from the council members Dr. Joy Mathews suggested that publishing a few international papers will be good as the journal name has International in it Shri. Asokan and Dr. Sasi said this was a good initiative. Dr. Sasi said he'll give some suggestions on layout planning of the journal later.
Discussion	Padmabhushan M. C. Dathan said he will go through the documents carefully and give his suggestions for improvement. Lack of placement is the main issue the engineering graduates are facing. He said measures have to be taken to get the students engaged in some activities after studies. Even if they are not getting a salaried job, they should be motivated to take up some internship or training to make them employable and occupied.

Vice-Principal proposed the vote of thanks.

PRINCIPAL
